Registration Now Open
www.hwrecreation.com

Due to the heavy demand for the Patton Park program this summer and the inability for some to get in off waiting lists we have lined up a number of other half day clinic options that will run at the rec center field throughout the summer.

We have offerings for kids age 5-8 as well as offerings for kids age 8-12. These programs meet Monday through Thursday and we leave Friday as a rain day make up if we need it.

We encourage you to register early for these programs so that families will know well in advance if there is enough enrollment for the program to run.

Each class presents students with an opportunity to explore new or familiar foods in their raw, unmanipulated state. Then, working as a team, we'll slice, dice, peel, measure, and cook until we've prepared the finished dish. Lessons are planned to celebrate seasonal produce – cool you on a hot summer day and offer ideas for quick and healthy family meals. At the end of class your aspiring chef will receive the main ingredient, or a sample of the finished dish, and the recipe so that they can show off what they've learned! Even the most reluctant eaters enjoy KTK, where participation is expected, but tasting is always optional. Each session arrives with fresh new recipes and ideas to inspire your healthy eater! Kids have food allergies, but they shouldn't miss out on the fun. We know allergies and can work around them, making sure that everyone is having fun and staying safe.
